Important note

- The European Responsible Equity Fund will invest primarily in the equity securities of companies domiciled or with their core business in Europe (including Eastern Europe), which the Adviser believes are mispriced by the market and have the potential for significant growth.
- The Fund invests in a single region. Compared with a well-diversified fund, its concentration risk is relatively high and hence it might be more volatile than a well-diversified fund.
- Investment involves risk. There is no assurance on investment returns and you may not get back the amount originally invested.
- The investment decision is yours but you should not invest in this Fund unless the intermediary who sells it to you has advised you that it is suitable for you and explained how it is consistent with your investment objectives.
- You should not invest solely in reliance on this marketing material alone. You should read the Summary Prospectus and the relevant Supplement(s) before investing including the Special Investment Considerations and Risks section of the Summary Prospectus.
