¹A withdrawal limitation was implemented on September 30, 2022. The limitation provides for pro-rata payment of outstanding withdrawal requests as cash becomes available for distribution. The implementation of the limitation does not change the Fund’s strategy to seek attractive risk-adjusted returns through investment in core plus real estate. ²Total Return (Gross) is levered, after Fund expenses and cash, but before fees. ³Total Return (Net) is levered, after fees, Fund expenses and cash. Fees include asset management fees (which are billed outside the Fund), financing and incentive fees (which are expensed), and development fees (which are capitalized). The net figure expressed here was calculated by charging the actual annual asset management fee. Please see important information on page 2 for the net total Fund return at the highest investment management fee level of 150 basis points. ⁴Dividend Yield for the quarter is the sum of all dividends paid per Share during the quarter divided by the beginning of quarter Share Price. One-Year Dividend Yield is the sum of quarterly Dividend Yields for the period. Three-Year, Five-Year, Ten-Year and Since Inception Dividend Yield is the average quarterly Dividend Yield for the period times four. Dividend yield of the Fund is only one component of expected performance and is not and should not be viewed as a statement of the future performance of the Fund. ⁵Property Returns and Total Property Return are unlevered, before fees, Fund expenses and cash. Returns over one year are annualized.

As with all investments, past performance is not necessarily indicative, or a guarantee, of future returns of the Fund. Investors may lose invested capital. See “Certain Investment Considerations and Risk Factors” in the Memorandum. Performance figures presented as of June 30, 2024.

Forward-looking statements, discussions of the business environment and investment strategy of the Fund and investment performance (if any) included herein (e.g., with respect to financial markets, business opportunities, demand, investment pipeline and other conditions) are subject to the effects of pandemics and other widespread public health emergencies, including outbreaks of infectious diseases such as SARS, H1N1/09 flu, avian flu, Ebola and COVID 19. The information included herein identifies a number of benefits inherent in Principal's services and operations on behalf of the Fund, although the Fund is also subject to a number of material risks associated with these benefits, as further identified in the Fund's definitive documents. Although Principal believes that Principal and its personnel will have competitive advantages in identifying, diligencing, monitoring, consulting, improving and ultimately selling investments on behalf of the Fund, there can be no guarantee that Principal will be able to maintain such advantages over time, outperform third parties or the financial markets generally, implement its investment strategy or achieve its investment objectives for the Fund or any investment, or avoid losses. For additional information regarding risks and potential conflicts of interest regarding an investment in the Fund, please see the risk factors and conflicts of interest disclosures in the Memorandum.

The Fund is an open-end limited partnership sponsored and managed by Principal Real Estate Investors, LLC. The general partner of the Fund is Principal Enhanced Property Fund GP, LLC (the "General Partner"). Principal Real Estate is a dedicated real estate investment group of Principal Global Investors. Interests in the Fund are offered to U.S. investors through Principal Funds Distributor, Inc. ("PFD"). PFD, Principal Real Estate, and Principal Global Investors are members of the Principal Financial Group®. As with all investments, past performance is not necessarily indicative, or a guarantee, of future returns of the Fund. The ultimate returns realized by the Fund will depend on numerous factors, including factors beyond the control of the General Partner, which are subject to uncertainty. Accordingly, there can be no assurance that any return objectives will be realized. Investors may lose invested capital.

Unless otherwise specified, performance figures reported herein are as of June 30, 2024.

The valuations presented herein were performed based upon various inputs, many of which have declined in recent periods. In addition, due to the substantial volatility experienced with respect to many of such inputs in recent periods, the subjective decisions of the General Partner regarding which inputs to select, the measurement dates and the relative weights to assign to such inputs all have a disproportionate impact on the valuations presented herein. The General Partner's determination of any investment's fair value in the future (or the value that would have been determined had such facts been known as of June 30, 2024) is likely to differ as a result.

All information with respect to real estate investments and industry data has been obtained from sources believed to be reliable and current, but has not been independently verified and accuracy

cannot be guaranteed. Certain economic and market information contained herein has been obtained from published sources and/or prepared by other parties and in certain cases has not been updated through the date hereof. None of the Fund, the General Partner or their respective affiliates or any of their respective directors, officers, managers, employees, partners, members, shareholders advisers or agents makes any representation or warranty, express or implied, as to the accuracy or completeness of the information contained herein. Any references to indices are made for comparison purposes only and an investment in an open-end real estate private equity fund (e.g., the Fund) is unlike an investment in the indices shown herein. Such indices are shown for informational purposes only.

The Fund has in the past and may in the future trade in instruments regulated by the U.S. Commodity Futures Trading Commission (the "CFTC"), and the General Partner and/or its affiliates intend to qualify, as necessary, for an applicable exemption from registration with the CFTC as a commodity pool operator ("CPO") with respect to the Fund pursuant to CFTC Regulation 4.13(a)(3), which requires filing a notice with National Futures Association. This "Regulation" also generally requires that (i) the limited partner interests are exempt from registration under the Securities Act and are not publicly marketed in the United States and (ii) at the time of the relevant investment, with respect to the Fund's positions in CFTC-regulated instruments: (A) aggregate initial margin and related amounts required to establish such positions, determined at the time the most recent position was established, will not exceed five percent of the liquidation value of the Fund's portfolio, after taking into account unrealized profits and unrealized losses on any such positions; or (B) the aggregate net notional value of such positions, determined at the time the most recent position was established, does not exceed 100% of the liquidation value of the Fund's portfolio, after taking into account unrealized profits and unrealized losses on any such positions. Therefore, unlike a registered CPO, the General Partner and/or such affiliates are not required to deliver a CFTC-compliant disclosure document and a certified annual report to investors. Nonetheless, the General Partner does intend to provide investors with annual audited financial statements and the reports described in the Fund's limited partnership agreement. The General Partner and/or its affiliates reserve the right to pursue an alternative exemption from CPO registration or else register with the CFTC.

PFD, a registered broker-dealer with the SEC and a member of FINRA, is acting as placement agent for the Fund. PFD is not a current advisory client of Principal Real Estate Investors or an investor in any fund sponsored by Principal Real Estate; however, certain personnel of PFD have invested in prior investment funds sponsored by Principal Real Estate, some of which have beneficial economic terms in connection therewith (e.g., reduced compensation percentages). For providing solicitation and other services with respect to certain investors who invest in the Fund, certain personnel affiliated with PFD will/may receive compensation or compensation credits under their employment contracts that will

ultimately be borne directly or indirectly by Principal Real Estate rather than the Fund. As a result, PFD has an incentive and potential conflict of interest to recommend an investment in the Fund. PFD and certain personnel affiliated with PFD also expect, from time to time, to do business with and earn compensation or compensation credits under their employment contracts from affiliates of Principal Real Estate that may have similar or different investment objectives from the Fund, including the provision of advisory and placement services. Accordingly, potential investors should recognize that PFD's participation as placement agent for interests in the Fund will potentially be influenced by its interest in such compensation, including differentials in compensation are offered by Principal Real Estate or other sponsors for which PFD acts as placement agent.
